2421.01 - STUDENTS AS TRAINEES

The School Board recognizes the value of providing students with experiences as part of their preparation for productive employment and appreciates the cooperation of local employers in accommodating such training activities at their places of business.

The Board authorizes the Superintendent to develop work-site training programs as part of the career and technical education curriculum. S/He shall develop administrative guidelines whereby all such programs are reviewed to determine whether or not an employer relationship has been established according to criteria established by the Supreme Court in adjudicating cases related to the Fair Labor Standards Act. Particular attention should be paid to community-based programs for special education students and to career and technical education programs in which students are producing goods or services for sale and the Corporation is the recipient of the income therefrom.
